

2011 Risk Management Conference

Feedback from Evaluation Forms

- I always say, if I can learn one thing when I go to a seminar then it was worthwhile, yesterday overdid itself for me. My poor husband had to listen to me babble on about what I learned, all the way home, he now knows more about the aging workplace, OSHA and WC than I am sure he cares to know. The topics were on point, the speakers were perfect, keeping you informed as well as entertained. Congratulations to you and your team for a well planned, well conducted, educational day. Thanks again, I am already looking forward to next year.
- Appreciated that the sessions were short & to the point and all the information was able to be covered that the speaker had prepared.
- Great conference and outstanding choice of venue! Speakers were knowledgeable and very informative. Thank you for hosting this event!
- Too bad Gregg Johnson ran out of time – very interesting topic (Managing Equal Employment Opportunity Risks).
- You really selected great speakers who were able to make their presentations interesting and applicable. Facility was beautiful and food was good.....
- The OSHA record keeping was very informative as well as why injured workers hire attorneys.
- Wide variety of topics – well worth the time allotted.
- Great day, very interesting & informative speakers.
- I wanted to write to say you sponsored a wonderful, informative and professional Risk Management Conference. It was my pleasure to be included as a vendor partner at this event. Thank You!
- Conference was very well organized...Great variety of information...Speakers presented topics very well...Great job in all your efforts to make this conference a success...Keep up the great work!!
